Garment Care Instructions

Embroidered Items

Thank you for your order! Your item was custom embroidered with care, just for you. Embroidery is durable and built to last — a little gentle care keeps the stitching crisp and the colors rich for years to come.

> **Loose thread? Don't pull it.** If you ever notice a stray thread, simply trim it with scissors — never pull, as it can loosen the stitching.

HOW TO CARE FOR YOUR GARMENT

- **Wash inside out** in **cold water** on a gentle cycle, with like colors only.
- **Use a mild detergent.** Avoid bleach and harsh or abrasive detergents.
- **Never iron directly over the embroidery.** Turn the garment inside out, or place a thin cloth over the design and press gently on low.
- **Air dry or lay flat for best results,** or tumble dry on low heat. Avoid high heat, which can pucker the stitching.
- **Trim, don't pull** any loose threads with scissors.

We hope you enjoy this garment as much as we enjoyed making it just for you! ❤
